

# 1RU 24-Port Colored Insert Snap-in-Jack Patch Panels

Datasheet: GD069643v11

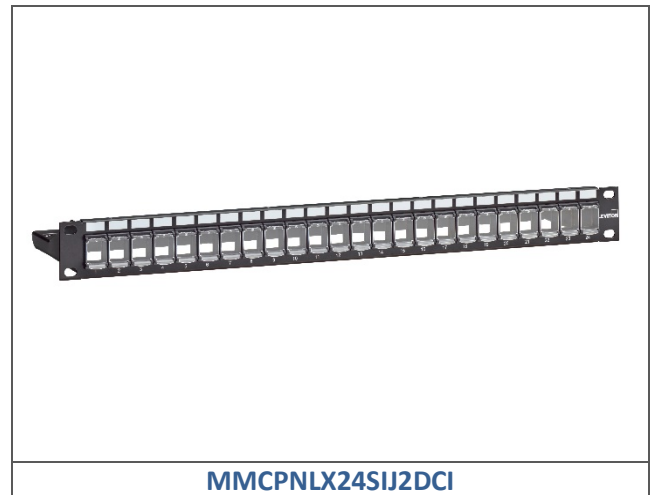

## APPLICATION

The 1RU Snap-in-Jack Patch Panels accommodate 24-ports, providing colored inserts with dust protection for individual port identification. The panels are supplied with a detachable cable manager. Black inserts with clear dust covers are pre-loaded into the panels as standard. Optional color inserts are available for purchase separately for added ease of port identification.

## FEATURES

- Mounts to standard 19-inch racks and cabinets
- Interchangeable, easy to fit color inserts for port/service ID
- Individual port covers for dust protection
- Full port numbering and individual pre-printed port labeling area
- Rack position identification space available
- Pre-assembled detachable manager for enhanced cable management
- Durable powder coat finish in black
- Suitable for both shielded and unshielded jacks (sold separately)
- Supplied with rack mounting kit
